The Welcome Page will have 2 buttons which are Login and Register.

And an About us button which will push the webpage down to the About the company text.

The webpage will have the:

- 1) Contact us data text
- 2) Latest Arrivals and Trending Stamps on the website.
- 3) Title with Logo
- 4) Search bar to search for stamps
- 5) About the company.

## LOGIN PAGE:

A hand-drawn diagram of a login page layout. At the top, a box contains the word "LOGIN". Below it, a box is divided into two sections: "Username" and "Email", with an arrow pointing to the label "text box / email". Below that, a box labeled "Password" has an arrow pointing to the label "text box". Further down, there is a checkbox followed by the text "Remember Me", with an arrow pointing to the label "checkbox". Below this, a box contains the word "LOGIN", with an arrow pointing to the label "button". At the bottom, the text "Can't login into an account? forgot password?" is written, with an arrow pointing to the label "hyper link".

After clicking the login button in welcome page, it will redirect to the login page of the website. And forgot password hyperlink will forward to forgot password page.

- 1) The Login Page has 1 button which is used to login And a hyperlink which will lead us to forgot password page
- 2) There is a checkbox which is used to remember the credentials.

## SIGN UP PAGE:

A hand-drawn sketch of a Sign Up page layout. The title "SIGN UP" is centered at the top. Below it are several input fields with labels to their left: "First Name:", "Last Name:", "Username:", "Email:", "Phone:", "Address:", "Password:", and "Repeat Password:". To the right of each input field, an arrow points to a label describing the field type: "textbox/username" for First Name, "textbox/name" for Last Name, "textbox/username" for Username, "email textbox" for Email, "number" for Phone (which also has a small phone icon inside the field), "textbox" for Address, "password" for Password, and "password" for Repeat Password. At the bottom, there is a "Create Account" button with an arrow pointing to the label "button". Below the button is the text "Already have an account?" followed by a "Login" link with an arrow pointing to the label "hyperlink button".

The Signup page will have 2 buttons : Signup button which will redirect to home page and create a homepage and a hyperlink which will redirect to login page if already account has been created. A Google button has been created to login the website using Gmail account.

The webpage will have:

- 1) Username
- 2) Password & Repeat Password
- 3) Email

- 4) First and Last Name
- 5) Phone Number & Address

### FORGOT PASSWORD PAGE:

FORGOT PASSWORD

You can reset your password here.

Enter your email address

Reset My Password

After clicking the forgot password hyperlink, then the forgot password page will appear

It has 1 button which will send a reset password link to my mail and it has a textbox where you can enter the email address.

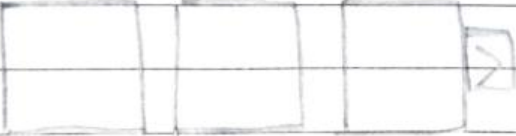

The text written on the webpage is you can reset your password here.

### THANK YOU PAGE:

A hand-drawn sketch of a 'Thank You' page layout on lined paper. The text 'THANK You!' is written in blue ink at the top. Below it is a rectangular box containing the text 'Website Name'. Further down, the text 'Thank you for shopping with us!!' is written. At the bottom, there is another rectangular box containing the text 'Back to Home'. To the right of this box, the text '↳ redirect back to homepage' is written.

This website is seen at the end of the transaction of the stamps you wanted to purchase. This page has only one button that will return us back to the home page.

## PRODUCT DETAILS PAGE:

PRODUCT DETAILS	
	STAMP NAME
	<u>RATINGS</u> :
	<u>PRICE</u> :-
	<u>About this item</u> :-
	<u>Quantity</u> : [- 1 +]

<ul style="list-style-type: none"> <li>NET BANKING</li> <li>CASH ON DELIVERY</li> </ul>	Subtotal _____ GST _____ Shipping Fee _____ Total _____

After clicking on proceed to checkout option, it will redirect us to the payment page where our orders that are placed are on right side of screen and the total that has to be paid.

It also displays our shipping address and contact number and name.

Then there are the payment methods displayed

- 1) Using Debit/Credit Card: The end user would have to just give his card number and CVV and directly click on the pay button. It will get redirected to Thank you page.
- 2) Net Banking: This hyperlink will redirect us to a separate page where list of net banking options are available and there the user can select his preference and pay.
- 3) Cash on Delivery: This hyperlink will lead to a page where it shows the money must be paid when the courier is given hand - to - hand and then redirects to Thank You Page.
